Lean Business Tools

Course Overview

Lean Business shows how simple ideas can breathe new life into any company or organisation. The aim is to improve the client experience whilst creating a positive and engaging atmosphere for the staff. The focus is on specifying value and ensuring that the business delivers its value efficiently.

Use the knowledge gained to apply throughout the business. Create managers invested in developing everyone's capacity to continually innovate and improve.

Who Should Attend?

The programme is aimed at any personnel engaging in business process improvement.

What will I learn?

- How to assess my organisation against the 5 principles and 10 wastes.
- Project terms of reference.
- How to run a Kaizen event.
- The 8-step process improvement methodology.
- How to see my business as a process with Value Stream Mapping.
- The 5s approach to workplace organisation.
- How to control material or information with Kanban.
- How to control changes or critical time windows with SMED.
- How to define standard practice with Standard Work.
- How to ensure better efficiency with an Asset Care programme.

Assessment & Certification

- QQI Award NFQ Level 5.

Duration

- 5 classroom days.
- 8 half-day mentor visits.
- Programme duration is over 12 weeks.
